12	Aflatoxins	Basmati rice for direct human consumption (food)
13	Pesticide residues	Mangos, yard long beans (<i>Vigna sesquipedalis</i>), melon bitter (<i>Momordica charantia</i>), Lauki, (<i>Lagenaria siceraria</i>), peppers and aubergines (food)
15	Pesticides	Vegetables, fresh, chilled or frozen (peppers, courgettes and tomatoes)
17	Pesticide residues	Vegetables, fresh, chilled or frozen (food): yard long beans (<i>Vigna sesquipedalis</i>), aubergines, Brassica vegetables

- (1) Please note that 7 consignments consisted of spices from India, therefore they have already been registered in "id 5"
- (2) One of the seventeen consignments was rejected due to another hazard (aflatoxins exceeding the maximum levels)
- (3) Besides the two consignments which were rejected due to the hazards defined in the Regulation, one more consignment was rejected, due to the presence of malathion and tetradifon above the MRLs
